Mr. Huguenin reminded the group that John Simon would like to have information about graduating seniors for his Commencement address. Send any comments to Mr. Huguenin.

A number of rising seniors have not registered for the fall semester; a list was sent today to faculty. The list is sorted by advisors, who are asked to remind the students to register for classes.

Tom Costa said more student papers are needed for the QEP Committee, to create a benchmark on student writing. Papers should be from juniors and seniors in upper level courses offered in 2013-14 and 2014-15. Names and grades should be removed or covered. The committee desires papers representing all skill levels.

Diane Cornett reminded the Chairs to send her the names and bios of student awards recipients by this Friday, April 10.
